

SARBANES-OXLEY EVALUATION & COMPLIANCE

The Siegfried Group can assist, augment and integrate with an organization's Sarbanes-Oxley team. Once an organization has established its road map or blue print, our highly capable professionals can assist with implementation of the organization's compliance plan. Our energetic professionals have extensive experience assisting with substantive testing, process and control documentation, and supporting our clients so that they can accomplish their goals. In addition to helping implement an organization's Sarbanes-Oxley compliance plan, The Siegfried Group also helps companies sustain their momentum as they move into Year Two and beyond.
